A detailed LEGO Technic model of a castle wall and tower. The structure is built on a black base plate. The wall is constructed from grey Technic bricks, with a central arched opening. The tower is built on top of the wall, featuring a grey Technic brick tower with a small arched window. The base of the wall is decorated with a pattern of grey and black Technic bricks. The model is set against a background of a stone wall and a landscape with trees.

3

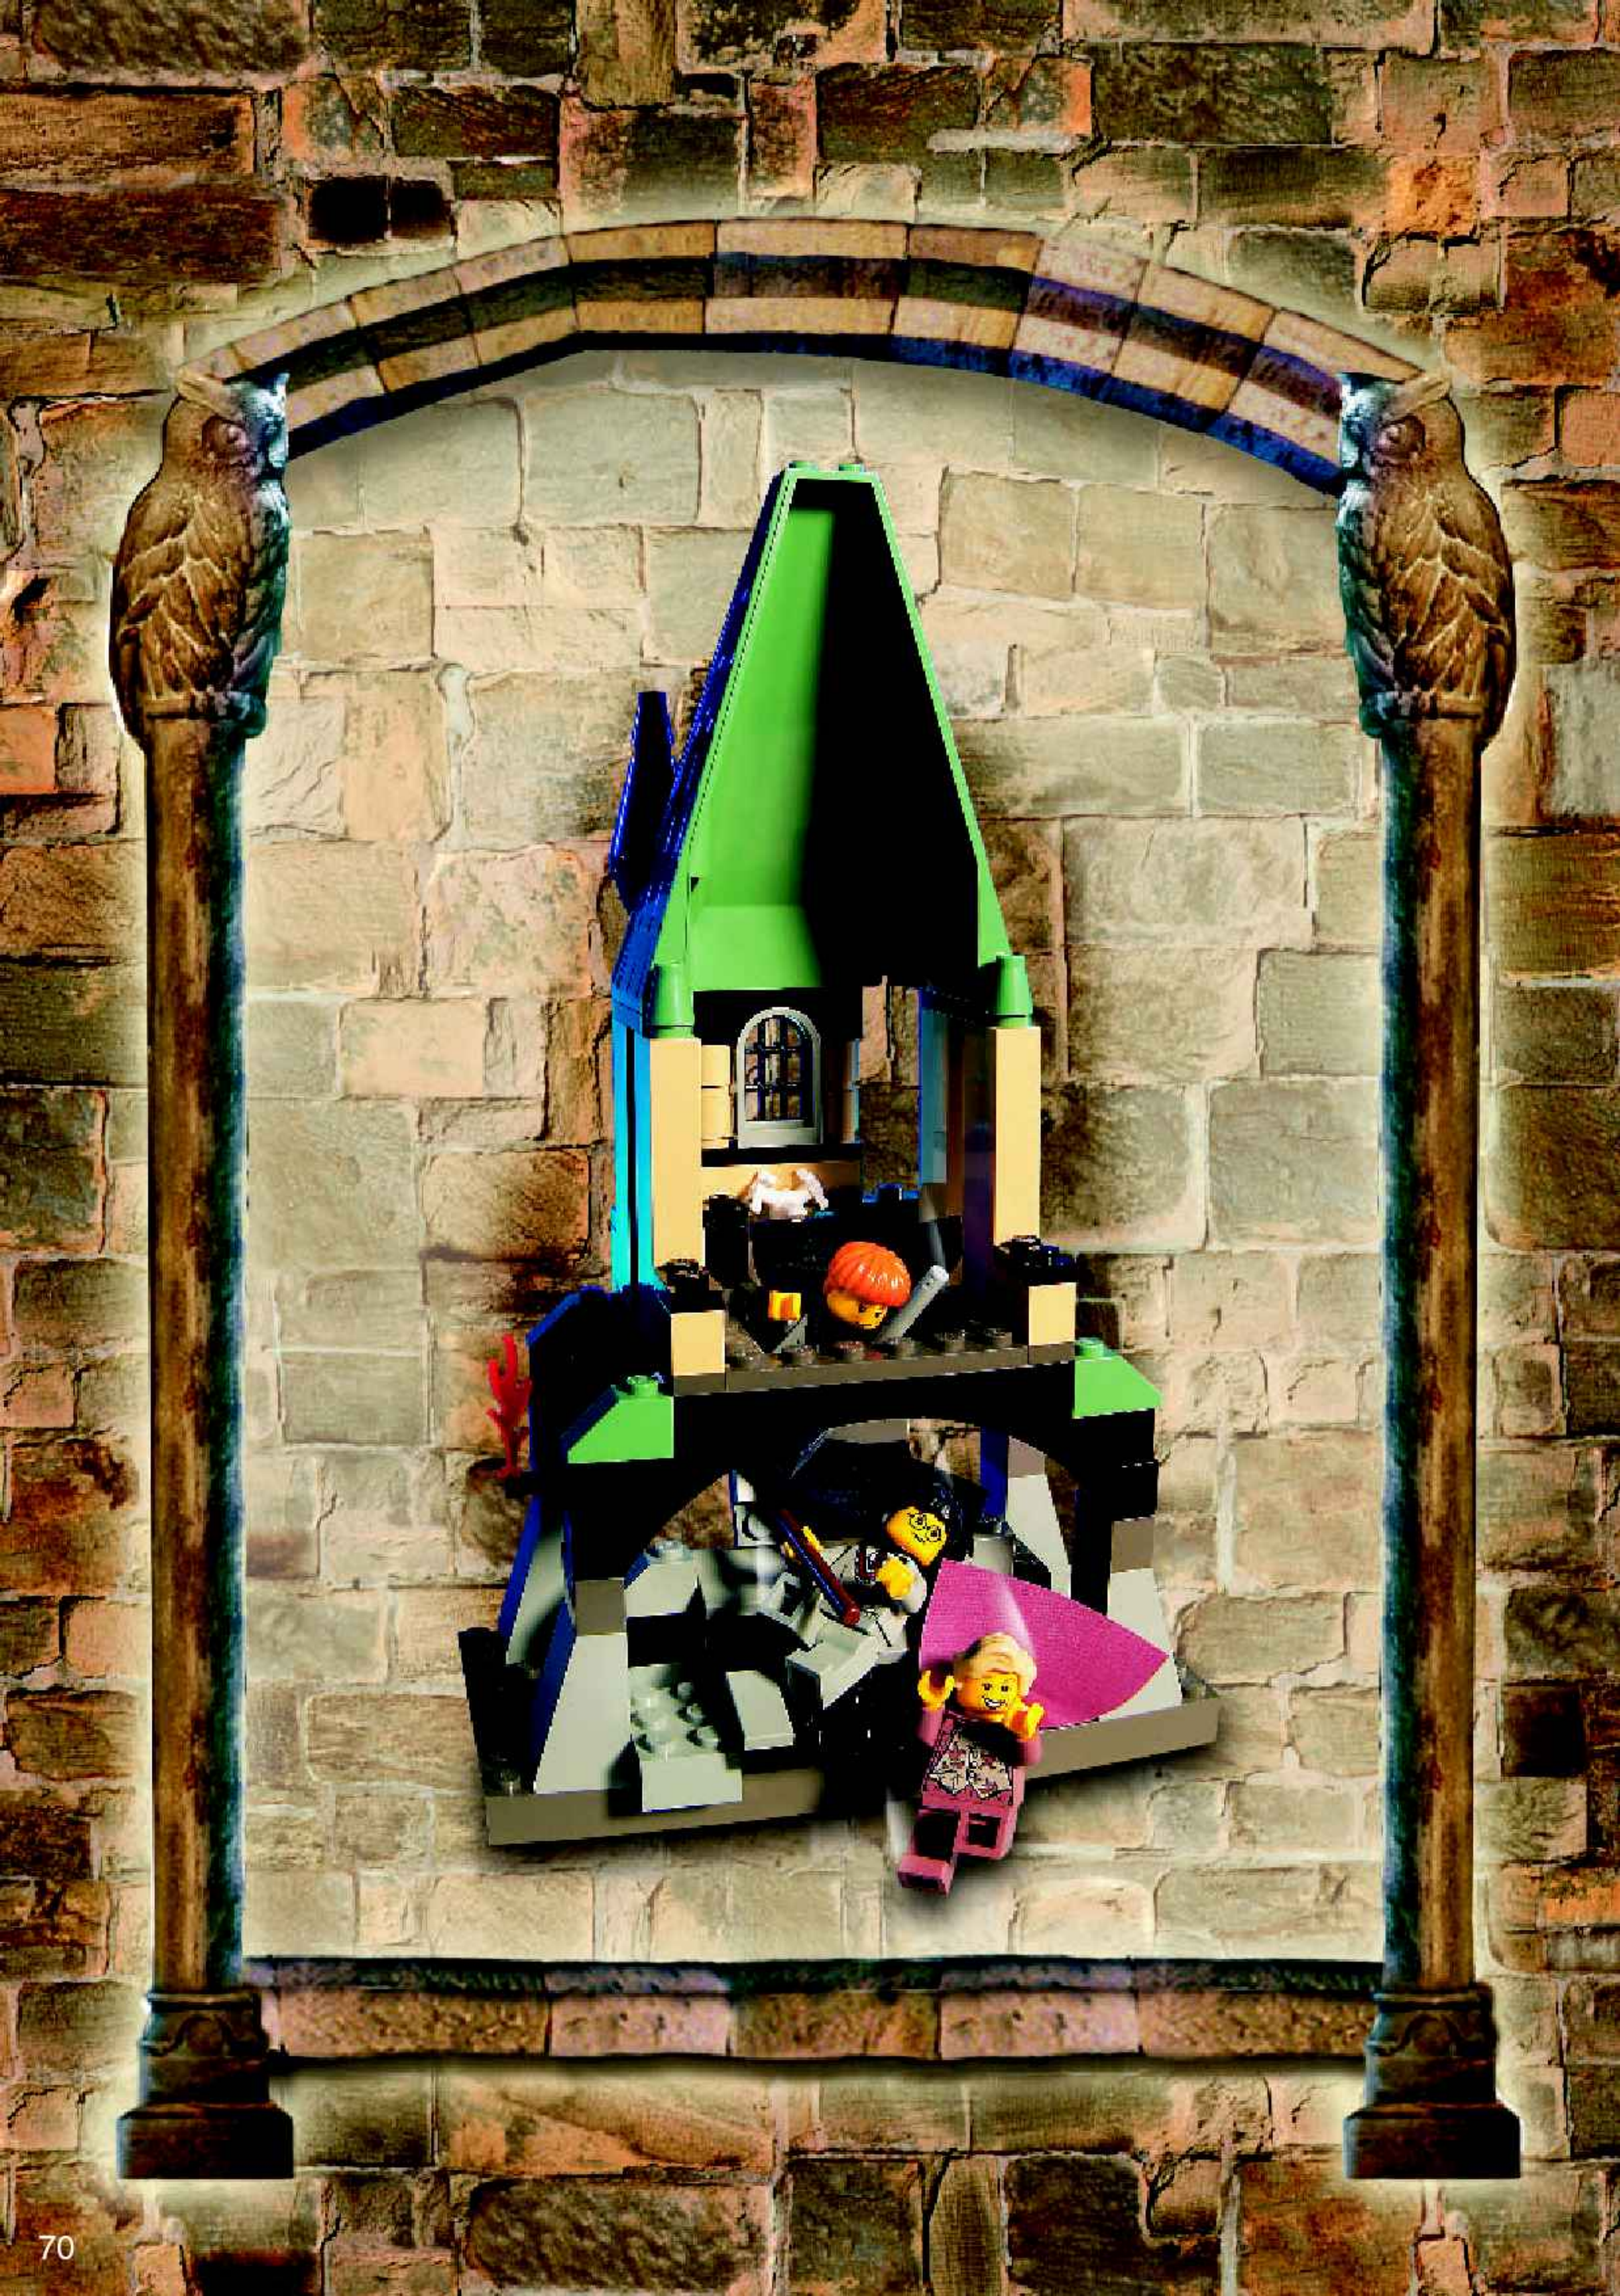

This image shows the third step of a LEGO Technic model. The structure is built on a black base plate. It features a central grey wall with a large, arched opening. To the right of the arch is a set of grey stairs leading up to a small grey tower. The floor is made of grey and black Technic bricks. Several red flame-like pieces are placed on green bases around the structure. A small yellow piece is visible on the left side of the central wall. The background is a stone wall.

4

This image shows a complex LEGO construction, likely a set from the Star Wars line. It features a multi-level design with a large green snake on the left, a central platform with a figure, and a staircase on the right. The base is black with grey and green accents. A small figure is at the bottom left.
